

Update: 5/11/2021

Notification of a positive COVID-19 case at our Clifton Park location

Newmeadow has been notified of a positive COVID-19 case associated with our Clifton Park location. We have notified all affected staff and students to quarantine until directed otherwise by the County Public Health Department. We are working closely with County Public Health Departments on contact tracing. **Any student or staff member who are considered a close or proximate contact with the individuals will be contacted by phone as soon as possible by County Public Health Departments or Contact Tracing regarding additional information.**

Please note that The Health Insurance Portability and Accountability Act (HIPAA) and other privacy laws restrict us from disclosing or confirming any personally identifiable information. We cannot identify anyone who has tested positive.

We will continue to work closely with County Public Health Departments and communicate any necessary updates. Please contact Stacey Cornell, Director of Program Services at scornell@newmeadow.org or Ramona Grugnale, COVID Coordinator at rgrugnale@newmeadow.org with questions.

Sincerely,

Andrew F. McKenzie
Executive Director
