

To provide parents and caregivers with up-to-date information on the current number of positive cases at Newmeadow, the information below will be updated as necessary. Any cases that will have an operational impact (closure of a classroom/remote learning) will be communicated to parents directly from the COVID Coordinator.

The cases listed below have been confirmed by DOH. The positive COVID-19 reported case(s) are as follows:

- Clifton Park:
 - One individual whose last day on site was 12/2/21.
 - One individual who was on site on 12/6/21 and 12/9/21.
 - One individual whose last day on site was 12/14/21.
 - One individual whose last day on site was 12/16/21.
- Fort Edward site:
 - One individual whose last day on site was 12/13/21.
 - One individual whose last day on site was 12/17/21.

All students and staff who may have come been exposed will be notified by Newmeadow and DOH/Contact Tracing.

Please note that The Health Insurance Portability and Accountability Act (HIPAA) and other privacy laws restrict us from disclosing or confirming any personally identifiable information. We cannot identify anyone who has tested positive.

Please contact Ramona Grugnale, COVID Coordinator at rgrugnale@newmeadow.org or Stacey Cornell, Assistant Executive Director of Program Services at scornell@newmeadow.org, with questions.

Thank you.
